ATTN.: AL SPILLER

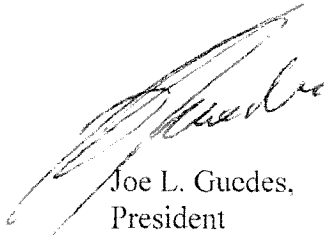

Al:

As you know Marinete Enterprises Inc. provides Architectural Millwork to clients through out North America. One of our main challenges is to have competent people not only doing the installation of our product but also to represent Marinete Enterprises Inc. in a professional manner and to look after it's interests.

Your firm has provided us with experienced and skilled people to install our products in a timely manner and on budget. We have come to rely on Midwest to do the installation on our projects across the U.S. from New Jersey to California and Illinois to Texas.

Thank you for all your past services and trust that this business relationship will continue to be mutually beneficial in the future.

Yours truly,
